

Classroom Rules

1. You must be in class, prepared and in your seat by 12:55 each day.
2. No food or drink is allowed in class. Water is allowed but if containers are left out they will be thrown out.
3. Be dressed for class and have all proper tools. You will be made aware of what you need to be prepared for class the day before. It is often a good idea to change cloths for every class, especially if you are on carpentry crew.
4. Pay attention during class and **do not talk** when the teacher is talking.
5. Take extensive notes. All topics mentioned in class and in the textbook are valid for testing.
6. No talking during quizzes and tests. If you talk, it will be considered as cheating. You and the person to whom you are talking will fail the test. If you have a question, raise your hand.
7. Late work will be accepted with a 10 point deduction each day.
8. Observe all “**Shop and Lab Rules**” and “**Paint Rules**” when working on projects in class.
9. No cell phones. They **WILL** be taken away.
10. If you have questions do not hesitate to ask.
